Aecht Schlenkerla Erle

Schwarzbier mit Erlenrauchmalz
Schlenkerla Alder Wood Smoke Black Lager
4.2%ABV

For our *Aecht Schlenkerla Erle* black lager we dry the malt over fire made of very special alder wood instead of beech. Alder wood has a fine smoky character that is nuanced and complex.

A high roasted malt content yields robust aromas and the dark, almost black color. 4.2% Alc./Vol.
As one of the last *traditionally* made smoked beers, Aecht Schlenkerla Rauchbier is a passenger in the „Ark of Taste“ by Slow Food®.
