**SUSSEX BEST**  
**BITTER**  
 4.0% ABV

A superbly balanced bitter with prominent hop character. Finest Maris Otter malted barley is supplemented with a dash of Crystal malt for balance. Using a blend of four local hops to give a distinctive hoppy finish, water filtered through the Sussex Downs over 30 years, and Harvey's unique 60 year old yeast strain, Harvey's Best Bitter is the embodiment of Sussex.

**ARMADA ALE**  
 4.5% ABV

Armada Ale has a pronounced yet balanced hop character, derived from Fuggle and Golding hops. Dry-hopped. A golden ale with a vibrant hop tone and a dry finish. Robust, refreshing and still a port of call in any beer-drinker's voyage of discovery. Armada Ale was one of the first new 'Golden Ales' that emerged in the 1980s. Originally commissioned by the National Maritime Museum, for their quarter centenary celebrations of the defeat of the Spanish Armada.

**OLD ENGINE OIL**  
**BLACK ALE**  
 6 % ABV

Old Engine Oil is a near-black brew with a silky- smooth rummy aroma, a coffee-ish palate, and a suggestion of the darkest chocolate. It is made from pale malt, roasted barley and malted oats. Old Engine Oil is well-hopped with the sweetish variety Galena from Washington State, Worchester Fuggles and East Kent Goldings. The PG (present gravity) of Old Engine Oil is unusually high. This is because Ken Brooker wanted to produce a beer that had the character of a barley wine, i.e. high PG, lots of mouthfeel and high viscosity but with only 6 % ABV, rather than the more normal barley wine ABV of about 8.5 %. He has used a high mash temperature to give the required wort profile. The trick is to balance this sweetness with the hop bitterness and acrid flavors from the Roast Barley.

**30l kegs only {American sankey, slim + tall}**

**HARVIESTOUN**  
**BITTER & TWISTED**  
 4.2% ABV

Harviestoun's Bitter & Twisted is a sharp, blond beer with a superb fresh hop profile. Hersbrucker, giving a hint of honey and the tang of grapefruit: Challenger, giving a spicy fruitiness like the "twist" of a lemon and finished with a pinch of Styrian. Very moreish but at 4.2 % ABV, it's OK to indulge!

*Hops:* Hersbrucker, Challenger, Styrian Golding
