

Canaster > Brouwerij de Glazen Toren > Erpe-Mere, Belgium

Canaster, a subtle Winter Scotch, is the third beer from the brewery. This beer is only available from November till February. Yet it was a definite choice to avoid any clear reference to Christmas or New Year in the name. This beer with a 9.5 % alc. vol. owes its warm aroma and its full-bodied taste to the use of fine, dark malts (caramel).

■ Beer Collection
